OCTOBER 2026 | FERN BLUFF MUNICIPAL UTILITY DISTRICT

Trash Service Update

Our new contract with Republic Services, our current trash collection provider, is now in effect. Regular service levels remain unchanged, with one convenient new benefit: residents can schedule up to two on-demand bulk trash pickups per year.

BULK PICKUP — NOW ON YOUR SCHEDULE

Call Republic Services at (512) 255-4980 to arrange a pickup, up to twice each year.

The new on-demand service replaces the former spring and fall community-wide bulk pickup days. Restrictions on accepted bulk items remain unchanged.

Helpful tip: Visit www.republicservices.com to check your collection schedule, review holiday service updates, or use the online “Track My Truck” feature.

Our Website Has a New Address

Fern Bluff MUD’s official website has moved to <https://fernbluffmudtx.gov>. This change makes it easier for residents to recognize and connect with the District’s official online services.

The .gov domain is available only to verified government organizations, helping strengthen the authenticity, credibility, and security of the District’s website and email communications.

Help Protect Our Local Waterways

Fern Bluff MUD Watershed Cleanup Event – November 7th

Join Fern Bluff MUD on **November 7th at Fern Bluff Park** for our community watershed cleanup event! Help us protect our local waterways by removing litter and debris before it enters Brushy Creek.
